Responsive Design

Professional Experience

Software Engineer, *Kyyba India Pvt Lmt*

May 2025 – Present
Chennai, TamilNadu

Sustain +:

- Resolved **50+ JIRA tickets/quarter**, reducing bug backlog by **30%** and improving release timelines.
- Designed and implemented **5+ new modules**, boosting platform functionality and helping organizations cut resource usage costs by **15%**.
- Engineered **20+ reusable UI components** with React.js & Material UI, reducing feature delivery time by **25%**.
- Integrated **15+ REST & GraphQL APIs** for real-time, reliable data exchange.
- Refactored legacy code, improving load times and enhancing responsiveness across devices.
- Partnered with backend & QA teams to **streamline workflows**, cutting integration issues by **20%**.
- Achieved **90%+ unit test coverage**, ensuring stability and minimizing post-release defects.
- Participated in code reviews and technical discussions, contributing to a **15% reduction** in recurring issues through best practice enforcement.

Key Achievements:

- Developed and upgraded **insurance-based web applications** in React.js, improving page load times by **20%** and user experience across devices.
- Connected **10+ REST APIs** to enable automated workflows and real-time system updates.
- Completed **100+ JIRA tickets** with **95% on-time delivery** while maintaining high quality.
- Collaborated with cross-functional teams to deploy features with **zero critical post-release defects**.

Key Projects at Azentio Software:

CQM - Customer Management Support June 2024 – Oct 2024

- Supported **Standard Bank (South Africa)** by managing daily operations across applications.
- Closed **95%** of support tickets within SLA timelines by optimizing database configurations.
- Maintained **99% uptime** for production systems.

MSIG - Insurance Application UI Development Dec 2023 – May 2024

- Built UI for new insurance module using React.js, improving performance via streamlined components.
- Configured **10+ REST APIs** and ensured 100% responsiveness & cross-browser compatibility.

BT-7.9 - Insurance Application Enhancement Jan 2023 – Nov 2023

- Led a **4-member team** to revamp outdated UI using React.js, JS, HTML, Tailwind CSS.
- Delivered **30+ reusable components**, accelerating development by **25%**.

AZ-13 - Insurance Claims Application May 2022 – Dec 2022

- Created UI components in React.js & CSS, increasing engagement by **15%**.
- Achieved 100% responsiveness and improved accessibility standards.

 Education

BCA - Bachelor of Computer Application,
SIVET College ,Madras University

June 2018 – July 2021 | Chennai, India

 Soft Skills

- Resolved issues by identifying root causes and applying effective fixes.
- Communicated requirements and updates clearly with team members.
- Collaborated with designers and backend developers to deliver features.
- Adapted quickly to changing project requirements and deadlines
- Managed tasks efficiently to meet sprint timelines.

 Declaration

I hereby declare that the information provided above is true to the best of my knowledge and belief.
